JoAnn Price came to the station and reported she took her Baby to the doctor in Holdenville on July 30, 1984. She said she started home that afternoon and when she was south of Holdenville a silver pickup with grey primer marks on the right side pulled out of Coy's bar and followed her. She said the pickup passed her several times then would pull over and let her pass. She said she pulled off the highway at Allen and tried to report them to the Town Marshall but was unable to find him. She continued to Ada and the two men got behind her again. She said they bumped into her car and would honk at her trying to get her to pull over. About five miles west of Allen the pickup pulled up beside her and forced her off the road. The driver got out and walked to her car and cursed at her and told her to get out of the car. She had her car locked and the windows rolled up. She told the man to leave her alone that she had a gun and would use it. He told her if she had a gun to show it to him he wanted to see it. The man took a board out of the bed of the pickup and broke her windshield with it. As the man walked to the passenger side of the car Price put her baby in the back seat of the car and backed up. The man came toward her as she was backing up and she pulled forward and struck the man in the hip with the front of her car and knocked him down as she pulled off. She said the passenger sat in the pickup and laughed at what was going on. She said the two men followed her toward Ada and turned off south at the Kalahoma turn off on highway #1.

Anthony Norman

Incident reported 4/28/85

Anthony (Tony) Norman was interviewed at the Ada Police department about his association with Tommy Ward and Jackie Mantzke. Tony said he knew Tommy Ward from school at Latta. He said he had only briefly seen Tommy since school was out. He said he did not care for Tommy and tried to avoid him. He said he did not think that Tommy would be the kind of person to commit a crime like this because Tommy was always so quiet. He said Tommy was a follower and could probably be talked into about anything. He said he knew that Tommy had a alcohol and a drug problem in the past but did not know about the time of the Haraway Case.

Tony said he frequently went to the house of Jackie Mantzke to party. He said he never knew of Tommy being at Jackies house on Ninth Street. He said he couldn't remember if a party was held there on the night of April 28, 1984 or not. He said he went there usually in the daytime. He said that Jay Dicus was there quite often and was seeing Jackie part of the time. He also said he could not remember Marty Ashley being at the Mantzke household on any occasion that he was there.

Tony did not seem sure about any of his answers. He had to think before answering the questions. He answered slowly and would not definately commit himself to questions.

LEAD SUMMARY: Ashley was interviewed at the Pauls Valley police department after he was read his Miranda warnings by Smith.

Ashley stated he lived with Ronnie Hatton at 307 N. Stockton the first few months of 1984. He went on to state he and Jackie Mantzke moved in with Danny Miller in April 1984 and stayed with him a couple of weeks. He thought they lived with Miller during the time Harraway was kidnaped. He said he did not own a vehicle at that time but Mantzke bought a 1968 orange chevrolet pickup from Leslie Rice. He said the pickup was orange with black bumpers and grill, and had wide tires and rims. The truck was "slick", according to Ashley. He said the first part of May he and Mantzke moved to Tishomingo and then on to Indore. Ashley said Ward used to come to Mantzke's house and visit Shelly Mantzke. He said Jackie Mantzke loaned Ward money that he did not pay back and she didnt like for him to come to her house. Ashley said the only vehicle he remembered Ward driving was an old Datsun station wagon. He said he and Gary Don Price went to Tommy Wards house to purchase a spare tire for a 1968 rust primered pickup that Price owned. He said it was several months prior to the Harraway kidnapping. He didnt remember Ward at Mantzke's house at any of the beer parties they had. He never recalled seeing Ward in the gray primered pickup nor did he remember anyone else at Mantzke's house in a gray primered pickup. Ashley said he and Ronnie Hatton used to stop at McAnally's store when they went fishing and remembered talking to Harraway, but didnt really know her. Ashley agreed to take a polygraph regarding this incident and said he would testify in court to what he knows.

Conclusion: Ashley appeared cooperative and was willing to assist in any way he could.

On October 30, 1984, Rhonda Herrera gave the following statement to Det. Smith. Rhonda said she has known Tommy Ward for nearly a year. She met Odell Titsworth in February of 1984 and Fontenot in May of 1984. She was introduced to Odell by Niki Lindsey at the Glenwood Park. She met him again on Main street one evening while he was with a couple of girls. She said Odell got loud when he was drunk and tried to be mauchó, but never knew of him having any fights.

She said she saw the composites on television and thought one of them looked like Tommy Ward. Melvin Hardin told her Tommy Ward made a statement one time when he saw a girl, "I would like to knock her teeth out and fuck her in the mouth."

Rhonda said she lived with her brothers, Tony and Jimmy Hardy, in Oklahoma City until April 20th. She came back to Ada and stayed a couple of weeks with Janette Roberts. She moved in with Mary Kyle on Mississippi, north of Arlington a short time later. She said Sherry Kyle gave a party on April 28th for someone named Tim.

Rhonda said Janette Roberts had a couple of parties that she had gone to when Janette lived on south Townsend. She said when she stayed with Janette, Karl, Niki, Tommy, Jessica and sometimes Amy stayed there. She did not remember going to the Blue River until May 1984. She said her and Janette went to the Blue River with David Wilson. They saw Odell Titsworth and some other people there.
